

# What would success look like if we develop quality *youth empowerment* and *family engagement programs* at Hayward High School?

## Positive & Safe School Environment

- Friendly environment + bilingual
- Staff + students are happy, knowing what they want for themselves
- Happy administrators and parents
- Welcome & direction signs in many languages and icons. Students greet visitors. Help them navigate campus.
- Parents & students with a sense of pride
- En verdad puedo ver y sentir la diferencia dentro del plantel. Todo está mucho mejor.
- A more positive and strong energy
- Todos con uniforme
- Paz y unidad
- Vibrant. Safe. Purpose-filled.
- No bullying
- Se ha reducido los pleitos dentro de la escuela

## More Student Support and Engagement

- Students with a sense of support
- Students can more easily focus on school due to other issues being addressed
- Involved (engaged) teachers. Students seeing staff as their support network.
- Students and teachers are engaged in a positive way
- Curiosity. Excitement. Planning. Visitors.
- Students making better choices for self
- Students encouraging students!

## Students Graduate and Seek Higher Education

- Dropout rate decreased
- Students are reading, doing work, following rules, dress-code
- Students planning for a future in the university of choice
- Menos embarazos en los estudiantes

## More Parent Participation

- Que los padres se involucren en el estudio de los hijos. Que sepan los requisitos de la A a la G para graduarse.
- Parents are actively involved at a higher level
- Increase parent participation in parent meetings from diverse population
- A hall full of parents listening to the professional speaker about youth challenges and how to help them. Parents would be open to ideas and willing to participate in their kids lives.
- Los padres participan más en la escuela (PTA, Café, ELAC)

## More Quality School Programs & Resources

- Award-winning program
- Tengo que elegir que actividades... Tomaré después de clase. Me siento muy bien aquí.
- Mental health services serving students in need
- Food
- Team approach case managers
- Banners, signs advertising events, services, etc.
- I heard that The Center was the "go to" place for help.
- Health Center (lines)
- More money & resources for the school
